J. W. WILLIAMSON, AGENT.

AN INCIDENT.—As a party of citizens were out hunting a Sabbath or two ago, and while they were scouring a piece of wood a mile or more in extent, and situated some five miles, as we are told, south-east of town, they came upon a squad of peace Democrats who had sequestered themselves there for the purpose of drill. They had erected a logheap fire and were performing their evolutions around it. And what is almost as remarkable as the circumstance itself, they were led by the redoubtable "Captain Bob Shorty," of the celebrated "Mackerel Brigade." Those who have heard of the valorous exploits of this worthy, as depicted by the inimitable Orpheus C. Kerr, will be grieved to learn of his prostitution to such base and ignominious purposes.

We are informed that the assertion has been publicly made, in connection with the recent educational movements here, that our paper has said nothing, or at any rate very little, in reference to Mr. Cooper's school at the Seminary.

The simple truth is, that during the last term of the school we noticed it nearly every week, and often urged our leading citizens to visit the Seminary and speak of it through our columns. We spoke of the need of a graded school here some time before the present movement began.

We esteem the criticism which our paper receives from men who take pains to assure us that they never read it, as something very valuable.

Shall the West Front on Meridian street be paved this Fall? The stone is all ready for the work.

Jacob Keplinger, the Cooper, has erected a shop in the north-east part of town, and will soon be ready to operate in his line of business.

Captain Hamilton has removed to Snow Hill, where he is engaged in the mercantile business—also looking to the interests of his farm.

Mail train in the morning going East, 6:37,—in the evening going West, 5:17. See new time-table.

Our story this week is one that will be read through tears at more than one fireside.

J. G. Brice's letter gives a good idea of the interior life of a regiment of Indiana soldiers on Folly Island, S. C.

The reader's attention, and especially if he be a pork-packer, a grocer, or in any way a dealer in salt, is directed to the new advertisement of the Ohio River Salt Company, placed in our columns this week.

OUR SCHOOL INTEREST.—We are glad to learn that the present term of our County Seminary is opening with the most encouraging prospects. Mr. Cooper is the very man we need, and our citizens are determined to sustain him. See Mr. Cheney's article inside.

The reader's attention is called to the new card of T. F. Bailey, & Co., of Richmond, dealers in China and Glass Ware. Importing the one and being concerned in the manufacture of the other, they are prepared to give superior inducements to those who buy of them, and they profess to retail very near to wholesale prices. Call and try them.

RECRUITING.—We are glad to learn that the citizens of Jackson Township are coming forward nobly to assist in the work of obtaining volunteers. Some who have been hitherto understood to oppose the Government in the prosecution of the war, are now doing all they can to encourage enlistments. The common people are most of them loyal.

A HORTICULTURAL SOCIETY.
We hope that our friends who are interested in the advancement of Horticulture in this county will respond to C. W. O.'s article on this subject. It will be found on our fourth page. Do not wait for each other, but let us hear from you.

GODEY FOR DECEMBER.—This closing number of the year is the best that we have ever seen of this Magazine. The engravings are unusually fine, and the reading matter is of superior character. Marion Harland's story is an excellent one. So is "The Daily Governor." "Meta" is a terrible heart-tragedy.

83 a year; 2 copies 85. L. A. Godey, 323 Chestnut St., Philadelphia, Pa.

AID FOR SOLDIERS' FAMILIES.
Several weeks ago we suggested that our farmers might each contribute a few loads of wood to supply the wives and widows of soldiers in this place during the coming winter.

Would it not be well to consider this whole matter of the care of soldiers' families at some of the meetings held here in connection with recruiting?

NEW PHOTOGRAPHIC GALLERY.
Mr. E. L. Cooper has just opened his rooms in the 2nd story of Helms' building, East Front, Winchester, Ind.; entrance at stairway just north of Aker's grocery store. Mr. Cooper is a superior Artist, as any one will see at once who will call and look at specimens of his work.

"KITCHEN QUEEN."
Persons in search of a good Cooking Stove, should not fail to see the popular tinued and ventilated oven stove, "Kitchen Queen," which they can find at McAdams's stove store. This stove has been awarded many premiums at State and County Fairs, including the Randolph County Fair of 1863. It has been on sale during the past year at the above mentioned place, 40 having been sold to citizens of Randolph County; all of whom will certify to their superior qualities. Call and examine before purchasing inferior patterns at same price.

[For the Journal.]
WHAT WILL OLD RANDOLPH DO!

In looking over the Indianapolis Journal, it is gratifying to note the enthusiasm that pervades the citizens of our gallant State, in response to the call of the President for three hundred thousand more men to swell the ranks of our noble army battling for the preservation of the best government ever established by man. In almost every County in the State the people are fully aroused to the importance of the occasion, and have gone to work with a determination to sustain the Government and save the country. The importance of obtaining volunteers under the late call of the President is urgent, and every loyal citizen should take hold of the matter with a determination to do his share of the work. The bounty offered is certainly the most liberal ever offered by any Government, and it would seem strange if our people should hesitate or refuse to respond heartily and cheerfully to so magnanimous an offer for doing that which is the common interest and duty of every citizen, that of defending their country when assailed by its enemies.

Randolph County, under the late call, has to furnish 225 men as her quota. This has to be done by the 10th of December; failing to do so, conscription will certainly follow. Randolph has been prompt to answer every call heretofore made for troops, and she will certainly not falter in the present emergency. The burden must fall upon some portion of our citizens, and it is better for those who can do so, to go voluntarily.

When the draft comes it will be no respecter of persons, and is as likely to fall upon those who are unprepared to go as any others; and instead of receiving \$462 bounty, they will receive only \$100 bounty, and endure the mortification of being conscripted, and be deprived of the honor and glory that clusters about the patriotic volunteer.

A company is now being recruited in this County; one half of the number is already made up, and if the people do their duty, in another week it will be full and ready to go into camp. In Franklin Township a few noble men have gone to work in the right way. They guarantee a bounty of \$10, in addition to the Government and County bounty, for every volunteer who shall enlist from that Township. Will not other Townships emulate the worthy example of the patriotic citizens of little Franklin? Every citizen in the community is interested in a speedy return of peace, and the most effectual way to bring about that desirable end, is to fill up the ranks of our noble army who are beating back the hordes of traitors and rebels.

Let it not be said that old Randolph is delinquent in her duty, in this hour of her country's peril. Let not her fair fame be tarnished by the charge of want of patriotism. Remember the many noble and gallant sons who are now in the tested field. Do you desire their speedy return? Then go to work and do every thing in your power to encourage enlistments. Speedy enlistments will make short enlistments.

AT THE SHAW BUILDING.
If any lady or gentleman has an eye for the beautiful, they would do well to call at the Shaw Building and examine L. D. Bunch's stock of Dry Goods. He has on hand some \$3,000 worth of new Goods, among which you may find all that your hearts desire. Call around, ladies. We think it would do your eyes good to see those fine dress goods and furs, or, perhaps, we should have said, your hearts, by way of keeping them warm. And not forgetting our young friends, in the juvenile department we have every thing in their line that will clothe them from the crown of their heads to the soles of their feet.

WINCHESTER PRICE CURRENT.
Wheat 1.10, old corn 1.00 Flour 6.50 per bbl. per ext. 3.75 Potatoes 80, white beans 2.00, Coffee 40 Sugar 18, Rice 12 1/2 Cents.
Candles, 15, 20, 25, according to kind.
Sorgo Molasses, 75 cts. per gal. New Orleans, 75 cts. Onions, 1.25

MARRIED.
CECIL CAMPBELL.—On Nov. 12th, at the residence of the bride's aunt, in Stonycreek Township, by O. O. Thompson, Esq., Mr. Cecil Campbell and Miss Ellen A. Campbell.

Attention every body! Wenden & Co., Booksellers, Stationers & Wall Paper Dealers, at Indianapolis, are selling out their immense stock of wall paper at old prices. They have also a splendid assortment of gilt window shades and paper curtains, window fixtures, &c. Their stock of Photograph albums, photographic, gold pens &c., cannot be beat in the State.

Don't forget them, when you visit Indianapolis. See advertisement.

Dr. Robak's Constituents.
We learn that the distinguished and popular inventor of those famous Scandinavian Remedies, the Blood Pills and Blood Purifier, advertised in our business columns, receives nearly as many letters, by every mail, as the Treasury Department. The average is more than 200 per day! His patients, scattered over the broad West, the Southern States and New England, are said to reach the enormous and almost incredible aggregate of 100,000! By his patients we mean those who use his preparations as their only medicines. We presume that such a connection is without a parallel in Medical history.

[Special Notice.]
TO HORSE OWNERS!

DR. SWEET'S INFALLIBLE LINIMENT FOR HORSES is unrivaled by any, and in all cases of Lameness, arising from Sprains, Bruises or Wrenching, its effect is magical and certain. Harness or Saddle Galls, Scratches, Mange, &c., it will also cure speedily. Spavin and Ringbone may be easily prevented and cured in their incipient stages, but confirmed cases are beyond the possibility of a radical cure. No case of the kind, however, is so desperate or hopeless but it may be alleviated by this Liniment, and its faithful application will always remove the Lameness, and enable the horses to travel with comparative ease.

Every horse owner should have this remedy at hand, for its timely use at the first appearance of Lameness will effectually prevent those formidable diseases mentioned, to which all horses are liable, and which render so many otherwise valuable horses nearly worthless.

See advertisement. 12

BEFORE SIMPSON SCOTT, a Justice of the Peace for White River Township, in said county, the defendant, Thomas C. Tooker, will take notice that the above named plaintiff, A. H. HARRIS, on the 30th day of Oct. 1863 filed with me his complaint accompanied with an affidavit and undertaking for attachment, and that upon said complaint and affidavit, I issued a writ of attachment against the personal property of said defendant, and that on the 5th day of December, A. D. 1863, at the hour of 10 o'clock in the forenoon, the cause will be heard, and determined before me at my office, in said Township, at which time and place said defendant may appear and answer to said complaint, or the same will be heard and determined in his absence.

SIMPSON SCOTT, J. P.
Nov. 13, 1863.—19-3w.

FOR SALE.
I wish to sell my Store Room, now occupied as Drug Store and Post Office.

A WORD ABOUT AMERICAN WATCHES.

After a thorough trial of more than ten years, the time pieces manufactured by the American Watch Co., of Waltham, Mass., have gained a firm hold upon the favor of the public, and now, no less than 75,000 of them are speaking for themselves in the pockets of the people. From a very insignificant beginning the business has increased until we are justified in stating that WE MAKE MORE THAN ONE HALF OF all the watches sold in the United States. Repeated enlargements of our factory buildings, and the labor of 500 operatives, still find us unequal to supply the constantly increasing demand. And we may here observe that notwithstanding the high price of labor and materials, we actually sell our products at less prices than those current five years ago.

We refer to these facts only for the purpose of properly introducing another subject relative to our manufacture of watches.—Hitherto our chief object has been to make good watches for the million at the lowest possible price—something to take the place of the make-believe watches called "Ankers," "Lepines," "English Patent Levers," etc., annually thrown upon this market, in countless numbers, by European workshops, watches which are the refuse of their factories, unsalable at home and perfectly worthless everywhere.

This object we have accomplished, and now we have to announce, that we have commenced the manufacture of watches of the very highest Grade known to Chronometry, unequalled by anything hitherto made by ourselves and unsurpassed by anything in the world. For this purpose we have the amplest facilities. We have erected an addition to our main buildings expressly for this branch of our business, and have filled it with the best workmen in our service. Profiting by our long experience, we have remodelled the form of our watches introducing such improvements as have been suggested and proved to be good from time to time, and have instituted new and severe tests of Isochronism, adjustment and compensation. New machines and appliances have been constructed, which perform their work with consummate delicacy and exactitude, and the choicest and most approved materials only are used. Nothing in fact is wanting either in mechanical principles, material or workmanship to ensure perfection in the result.

We continue to manufacture our other well known qualities under the following names: "Appleton, Tracy & Co.," "P. S. Bartlett," and the "Soldier's Watch," "Wm. Ellery."

The latter, the lowest priced watch we make, is a substantial, reliable time-piece, cased in sterling silver—hunting pattern, and is not liable to get either out of order in marching riding or fighting. All the above described watches, including the finest, which is named "AMERICAN WATCH COMPANY," are sold by watch dealers generally throughout the country.
